Natchez, Mississippi – On Wednesday, May 23, Central Network Retail Group, LLC (CNRG) opened a new NFL Home Center store in Gautier, Mississippi. The store is located at 2029 Highway 90, Gautier, Mississippi 35993 and was the former site of Coast Building Supply.

A grand opening celebration for the new location is scheduled for June 15-16. The store has a 10,000 square-foot salesfloor with a large assortment of hardware, paint, electrical, plumbing, tools, lawn & garden, and home organization items. Additionally, the store has a full-service lumber yard with a strong assortment of lumber and building materials. The store is designed to meet the needs of homeowners and do-it-yourselfers as well as professional contractors and remodelers.

CNRG acquired NFL Building Center in Daphne, Alabama on January 1, 2012, and reopened the NFL Home Center store in Gulf Shores, Alabama, on March 1, 2012. The Gautier store is 57 miles west of the Daphne store. “The new store in Gautier is part of our plan to expand the NFL brand along the Gulf Coast,” said Jimmy Smith, chairman of CNRG. “We were presented with a good opportunity to reopen a store that had recently closed. It fit within our strategic plans for NFL perfectly.”

Boyden Moore, president of CNRG, added, “We are working on growth plans for each of the brands we currently operate as well as assessing opportunities to acquire other brands in new markets. We are excited about this step forward in our growth and look forward to more to come.”
